UNITED STATES DISTRICT COURT  
CENTRAL DISTRICT OF CALIFORNIA

DUSA PHARMACEUTICALS, INC.,

Plaintiff(s),

v.

JULIAN OMIDI, M.D., ET AL, ,

Defendant(s).

CASE NO. CV 06-4310 SJO (CTx)

INITIAL STANDING ORDER FOR CASES  
ASSIGNED TO JUDGE S. JAMES OTERO

READ THIS ORDER CAREFULLY.

IT CONTROLS THIS CASE AND

DIFFERS IN SOME RESPECTS FROM THE LOCAL RULES.

- Counsel for plaintiff(s) shall immediately serve this order on all defendants and/or their counsel along with the summons and complaint.
- If this case was assigned to this court after being removed from state court, the defendants who removed the case shall serve this order on all other parties.

This case has been assigned to the calendar of Judge S. James Otero. To secure the just, speedy, and inexpensive determination of every action, Fed. R. Civ. P. 1, all counsel are ordered

4

1 to familiarize themselves with the Federal Rules of Civil Procedure and the Local Rules of the  
2 Central District of California.

3 In an effort to provide further guidance to the parties, the court notes the following:

- 4 1. **Court Hours:** Civil motions are heard on Monday at 10:00 a.m., unless the court orders  
5 otherwise. (If Monday is a holiday, the next motion date is Tuesday following the Monday  
6 holiday.) It is not necessary to clear a motion date.

17 service pursuant to Local Rule 5-3.1. The court may dismiss the action prior to 120 days  
18 if plaintiff has not diligently prosecuted the action.
- 19 5. **Assignment to a Magistrate Judge:** Under 28 U.S.C. § 636, the parties may consent to  
20 have a Magistrate Judge preside over all proceedings, including trial. The Magistrate  
21 Judges who accept those designations are identified on the Central District's website,  
22 which also contains the consent form.
- 23 6. **Temporary Restraining Orders and Injunctions:** Parties seeking emergency or  
24 provisional relief shall comply with Rule 65 of the Federal Rules of Civil Procedure and  
25 Local Rule 65.
- 26 7. **Courtesy Copies:** Courtesy copies are not required. However, a conformed courtesy  
27 copy of an opposition, reply, *ex parte* document, or notice of settlement/dismissal may be  
28 placed in the drop-box outside the courtroom on the 16th floor. All original filings are to be

1 filed at the filing window (Clerk's Office, Room G-19), NOT in chambers and NOT in the  
 2 courtroom.

- 3 **8. Communications with Chambers:** If counsel is requesting information that can be

 11 procedures and schedules, calendars, forms, and other court information. Counsel are not  
 12 to initiate telephone calls to Judge Otero's chambers, law clerks or secretary. However,  
 13 if counsel need to contact the Courtroom Deputy Clerk, Victor Cruz, Mr. Cruz may be  
 14 reached at (213) 894-1796 or via e-mail at victor\_cruz@cacd.uscourts.gov.

- 15 **9. Calendar Conflicts:** If there is a calendar conflict, counsel are to inform the Courtroom  
 16 Deputy Clerk prior to the date of the conflict and are to follow the Local Rules and Federal  
 17 Rules of Procedure.

- 18 **10. Discovery Motions:** Discovery motions and applications for discovery protective orders  
 19 must be scheduled before the Magistrate Judge assigned to the case. (The Magistrate  
 20 Judge's initials, followed by a small "x," are in the parenthetical in the case number.)

- 21 **11. Transcripts:** To order a transcript, counsel are to call the court reporter's office at (213)  
 22 894-3015.

- 23 **12. Motions to Reconsider:** Local Rule 7-18 is strictly enforced.

- 24 **13. Actions Invoking Subject Matter Jurisdiction Based on Diversity Pursuant to 28**  
 25 **U.S.C. § 1332:** The Ninth Circuit determines a corporation's principal place of business  
 26 by examining the entity's "total activities," taking into account all aspects of the  
 27 corporation's business, including where its operations are located, where it supervises that  
 28 business and where it employs persons and conducts its business. *See Industrial*

1 *Tectonics, Inc. v. Aero Alloy*, 912 F.2d 1090, 1094 (9th Cir. 1990) ("[T]he principal place  
 2 of business should be the place where the corporation conducts the most activity that is  
 3 visible and impacts the public, so that it is least likely to suffer from prejudice against  
 4 outsiders.). In determining a corporate party's principal place of business, this Court shall  
 5 look at the following factors: (1) the location of the majority of the corporation's employees;  
 6 (2) the location of the majority of the corporation's tangible properties; (3) the location of  
 7 the majority of the corporation's production activities; (4) the location where most of the  
 8 corporation's income is earned; (5) the location where most of the corporation's purchases  
 9 are made; and (6) the location where most of the corporation's sales take place. See  
 10 *Industrial Tectonics*, 912 F.2d at 1094; see also, *John Birch Society v. Nat'l Broadcasting*  
 11 *Co.*, 377 F.2d 194, 197 (2d Cir. 1967) ("diversity of citizenship must be apparent from the  
 12 pleadings"); *Simmons v. Rosenberg*, 572 F. Supp. 823, 825 (E.D.N.Y. 1983) (diversity  
 13 jurisdiction must be alleged with detail and certainty). Accordingly, parties invoking subject  
 14 matter jurisdiction based on diversity must state in their Complaint or Notice of Removal  
 15 sufficient facts demonstrating that this Court may properly exercise subject matter  
 16 jurisdiction. Parties must file an Amended Complaint or Notice of Removal within **fifteen**  
 17 **(15) days from the date this action is assigned to Judge Otero** if there is a doubt as to  
 18 whether they have met the requirements of *Industrial Tectonics*. Failure to comply with this  
 19 order may result in dismissal of the Complaint without prejudice or remanding the action  
 20 to the state court, whichever is applicable.

21 **14. Timing of Motions:** Pursuant to Local Rules 6-1, 7-9 and 7-10, when filing any motion,  
 22 parties are to give notice as follows:

- 23 a. If mailed, the notice of motion shall be served and filed not later than twenty-four  
 24 (24) days before the motion day designated in the notice.
- 25 b. If served personally, the notice of motion shall be served and filed not later than  
 26 twenty-one (21) days before the motion day designated in the notice.
- 27 c. Each opposing party shall, not later than ten (10) days after service of the motion  
 28 in the instance of a new trial motion and not later than fourteen (14) days before the

date designated for the hearing of the motion in all other instances, serve upon all other parties and file with the clerk either (1) the evidence upon which the opposing party will rely in opposition to the motion and a brief but complete memorandum which shall contain a statement of all the reasons in opposition thereto and the points and authorities upon which the opposing party will rely, or (2) a written statement of non-opposition.

d. The moving party may file a reply within seven (7) calendar days prior to the designated hearing date of the motion. Absent prior written order of the court, the opposing party shall not file a response to the reply.

**15. Scheduling Conference:** This court holds a scheduling conference as soon as practicable and not later than 180 days from the filing of the initial complaint.

Counsel shall timely comply with Rule 26(f) of the Federal Rules of Civil Procedure and file a Joint Rule 26(f) Report within ten (10) days after the meeting. The parties' Report shall, in addition to addressing the matters specified in Rule 26(f), set forth their views regarding: (1) a cutoff date for the completion of discovery and the hearing of motions, a date for the final pretrial conference and a trial date; (2) whether discovery should be conducted in phases or otherwise ordered or limited; (3) an estimate of the length of trial; (4) efforts made to settle or resolve the case to date, and the parties' plans for maximizing settlement prospects; (5) whether the case is complex or requires a reference to the procedures set forth in the Manual on Complex Litigation; (6) the likelihood of the appearance of additional parties; (7) dispositive or partially dispositive motions the parties are likely to file; (8) any unusual legal issues presented by the case; and (9) proposals regarding severance, bifurcation or other ordering of proof. **The court does not hold telephonic conferences.**

**16. Discovery and Discovery Cutoff:**

a. Non-Expert Discovery: All expert / non-expert discovery shall be completed by the discovery cutoff set by the court. This is not the date by which discovery requests must be served; it is the date by which all discovery is to be completed. Any motion

1 challenging the adequacy of discovery responses must be filed, served and  
2 calendared sufficiently in advance of the discovery cutoff date to permit the  
3 responses to be obtained before that date, if the motion is granted. In an effort to  
4 provide further guidance to the parties, the court notes the following:

- 5 b. Non-Expert Depositions: All depositions shall commence sufficiently in advance of  
6 the discovery cutoff date to permit their completion and to permit the deposing party  
7 enough time to bring any discovery motions concerning the deposition prior to the  
8 cutoff date. Given the requirements of notice and "meet and confer," this means  
9 that in most cases a planned motion to compel must be discussed with opposing  
10 counsel approximately six weeks before the cutoff.
- 11 c. Written Discovery: All interrogatories, requests for production of documents, and  
12 requests for admissions must be served sufficiently in advance of the discovery  
13 cutoff date to permit the discovering party enough time to challenge (via motion  
14 practice) responses deemed to be deficient.
- 15 d. Discovery Motions: Parties are expected to resolve discovery disputes among  
16 themselves in a courteous, reasonable and professional manner. Absent  
17 resolution, the Magistrate Judge assigned to the case will rule on discovery motions.  
18 The court requires compliance with Local Rule 37-1 through 37-4 in the preparation  
19 and filing of discovery motions. Any review of a Magistrate Judge's discovery order  
20 must proceed by way of noticed motion under Local Rule 7-3. In accordance with  
21 28 U.S.C. § 636(b)(1)(A), the court will not reverse any such order, including one  
22 imposing sanctions, unless the moving party demonstrates that the Magistrate  
23 Judge's order "is clearly erroneous or contrary to law."
- 24 e. Expert Discovery: The parties shall meet and confer and agree upon expert  
25 disclosure dates as required by Rule 26(2) of the Federal Rules of Civil Procedure.  
26 All disclosures must be made in writing. The parties should commence expert  
27 discovery shortly after the initial designation of experts, because the final pretrial  
28

conference and trial dates will not be continued merely because expert discovery is still underway.

17. **Motions and Motion Cutoff Date:** Civil motions are heard on Monday at 10:00 a.m., unless the court orders otherwise. (If Monday is a holiday, the next motion date is Tuesday following the Monday holiday.)

a. **Meet and Confer Requirement under Local Rule 7-3:** Pursuant to Local Rule 7-3, the parties must "discuss *thoroughly*, preferably in person, the *substance* of the contemplated motion *and any potential resolution*." Local Rule 7-3. The court construes Local Rule 7-3's requirements strictly. Half-hearted attempts at compliance with this rule will not satisfy counsel's obligation. It requires parties to discuss the substantive grounds for the motion, in order to attempt to reach an accord that would eliminate the need for the motion. The court strongly emphasizes that under Local Rule 7-3, discussions of the substance of contemplated motions are to take place, if at all possible, in person. It is only in exceptional cases that a telephonic conference will be allowed. All motions shall include a declaration by counsel briefly describing the parties' discussion and attempt to eliminate the need for the motion. Matters filed not complying with Local Rule 7-3 will be denied.

b. All motions, oppositions, and replies shall be filed at the filing window (Clerk's Office, Room G-19). If mailing a civil filing, direct documents to: Filing Window, Civil Section, Clerk's Office, Room G-19, 312 North Spring Street, Los Angeles, California 90012.

c. All law and motion matters, except for motions *in limine*, must be set for hearing (not filing) by the motion hearing cutoff date ordered by the court. Issues left undetermined after passage of the motion cutoff date should be listed as issues for trial in the final pretrial conference order. As an exception to the above, motions *in limine* dealing with evidentiary matters will be heard (at the court's discretion) at the start of trial; however, the court will not hear or resolve summary judgment motions disguised as motions *in limine*.

d. The applicable Local Rules are Rules 7-1, *et seq.* If any party does not oppose a motion, that party shall submit a written statement that it does not oppose the motion, in accordance with Local Rule 7-16. Failure to meet the time limits set forth in Local Rule 7 may be deemed consent to the granting of the motion. Local Rule 7-12. The court will not decide late-filed motions, and a party or counsel who files such late papers may be subject to sanctions under Local Rule 7-13. Reply papers shall be limited to argument and/or authorities responsive to the opposition papers.

The court will not address new matter that was improperly introduced.

18. **Motions - Form and Length:** All pleadings must comply with Rule 11-1 through 11-9, except that no memorandum or points and authorities or opposition shall exceed twenty (20) pages in length, excluding indices and exhibits unless permitted by the court. No reply shall exceed five (5) pages.

a. **Summary Judgment Motions:** Parties need not wait until the motion cutoff to bring motions for summary judgment or partial summary judgment. However, the court expects that the party moving for summary judgment will provide more than the minimum twenty-one (21) day notice for motions. Because summary judgment motions are fact-dependent, parties should prepare papers in a fashion that will assist the court in absorbing the mass of facts (*e.g.*, generous use of tabs, tables of contents, headings, indices, etc.). The parties are to comply precisely with Local Rule 56-1 through 56-4.

b. **Statement of Undisputed Facts and Statement of Genuine Issues:** The separate statement of undisputed facts shall be prepared in a two-column format. The left hand column sets forth the allegedly undisputed fact. The right hand column sets forth the evidence that supports the factual statement. The factual statements should be set forth in sequentially numbered paragraphs. Each paragraph should contain a narrowly focused statement of fact. Each numbered paragraph should address a single subject as concisely as possible.

1 The opposing party's statement of genuine issues must be in two columns  
2 and track the movant's separate statement exactly as prepared. The left hand  
3 column must restate the allegedly undisputed fact, and the right hand column must  
4 state either that it is undisputed or disputed. The opposing party may dispute all or  
5 only a portion of the statement, but if disputing only a portion, it must clearly indicate  
6 what part is being disputed, followed by the opposing party's evidence controverting  
7 the fact. The court will not wade through a document to determine whether a fact  
8 really is in dispute. To demonstrate that a fact is disputed, the opposing party must  
9 briefly state why it disputes the moving party's asserted fact, cite to the relevant  
10 exhibit or other piece of evidence, and describe what it is in that exhibit or evidence  
11 that refutes the asserted fact. No legal argument should be set forth in this  
12 document.

13 The opposing party may submit additional material facts that bear on or  
14 relate to the issues raised by the movant, which shall follow the format described  
15 above for the moving party's separate statement. These additional facts shall  
16 continue in sequentially numbered paragraphs and shall set forth in the right hand  
17 column the evidence that supports that statement.

- 18 c. Supporting Evidence: No party shall submit evidence other than the specific items  
19 of evidence or testimony necessary to support or controvert a proposed statement  
20 of undisputed fact. For example, entire deposition transcripts, entire sets of  
21 interrogatory responses, and documents that do not specifically support or  
22 controvert material in the separate statement shall not be submitted in support of  
23 opposition to a motion for summary judgment. The court will not consider such  
24 material.

25 Evidence submitted in support of or in opposition to a motion should be  
26 submitted either by way of stipulation or as exhibits to declarations sufficient to  
27 authenticate the proffered evidence, and should not be attached to the  
28 memorandum of points and authorities. The court will accept counsel's

1 authentication of deposition transcripts, written discovery responses and the receipt  
 2 of documents in discovery if the fact that the document was in the opponent's  
 3 possession is of independent significance. Documentary evidence as to which  
 4 there is no stipulation regarding foundation must be accompanied by the testimony,  
 5 either by declaration or properly authenticated deposition transcript, of a witness  
 6 who can establish authenticity.

- 7 d. Objections to Evidence: If a party disputes a fact based in whole or in part on an  
 8 evidentiary objection, the ground of the objection, as indicated above, should be  
 9 stated in a separate statement but not argued in that document.
- 10 e. Oral Argument: If the court deems a matter appropriate for decision without oral  
 11 argument, the court will notify the parties in advance.
- 12 f. Amici Status: Although there is no specific rule defining a federal district court's  
 13 authority to grant or deny leave to file an *amicus* brief, district courts have  
 14 traditionally been given broad discretion to appoint *amicus curiae*. Rule 29 of the  
 15 Federal Rules of Appellate Procedure, although not binding authority, provides  
 16 guidance on this matter by requiring a petitioner show that a proposed brief is  
 17 permissible, helpful, and timely.

18 Interested parties shall request leave of the court before filing an *amicus*  
 19 brief. Before the court accepts an *amicus* brief for filing, *amici* must show:

- 20 (1) That they have a "special interest" in the case;  
 21 (2) That this interest is not represented competently or at all;  
 22 (3) That they present information that is both timely and useful; and  
 23 (4) That they are not partial to a particular outcome of the case.

24 **19. Applications and Stipulations for Extensions of Time to File a Required Document**  
 25 **or to Continue the Pretrial or Trial Date:** No stipulations extending scheduling  
 26 requirements or modifying applicable rules are effective unless and until approved by the  
 27 court. Applications and stipulations must set forth:

- 28 a. The existing due date or hearing date;

- b. Specific, concrete reasons supporting good cause for granting the extension. A statement that an extension "will promote settlement" is insufficient. The requesting party or parties must indicate the status of ongoing negotiations (*i.e.*, Have written proposals been exchanged? Is counsel reviewing a draft settlement agreement? Has a mediator been selected?); and
- c. Whether there have been prior requests for extensions, and whether these were granted or denied by the court.

20. **Ex Parte Applications:** The court discourages *ex parte* applications. See *Mission Power Eng. Co. v. Continental Casualty Co.*, 883 F. Supp. 488 (C.D. Cal. 1995). Strict adherence to Local Rule 7-19 is necessary.

21. **Settlement:** Local Rule 16-14.1 requires the parties to participate in one of the settlement procedures set forth in the Rule. The settlement conference shall be concluded not later than thirty (30) days before the pretrial conference. It is the policy of this court to hold and preside over the settlement conference in certain cases. The court has a keen interest in helping the parties achieve settlement. The court on its own motion may set a settlement conference at any time following the scheduling conference.

If the settlement conference is set before this court, the parties must comply with Local Rule 16-14.5.

22. **Settlement Conference Procedures:** The following procedures shall be utilized in settlement conferences held before Judge Otero.

- a. Settlement Conference Briefs: The parties shall submit settlement conference letters to chambers in accordance with Local Rule 16-14.5(a) **five (5) days** before the conference, and shall exchange non-confidential letters with all other parties of record. Each letter submitted by a party shall contain: (1) a summary of the important issues and the party's position on each issue; (2) a summary regarding damages in a non-conclusory form; and (3) a summary on the course of any prior settlement negotiations. The letter shall be concise, and large numbers of exhibits shall not be appended. Proposals for settlement and counsel's evaluation of the

case not yet communicated to opposing counsel should be included in the confidential settlement letter.

- b. Persons Present: All persons whose consent is necessary to conclude settlement shall be present at the settlement conference. Counsel are responsible for ensuring that all persons and parties are present.

In the case of a corporate party, a person with final settlement authority must be present. If a settlement proposal must be presented to a board or committee for approval, the person whose responsibility it is to make the proposal shall be the person present.

In instances in which an insurer will pay or contribute to a settlement, a claims agent with final settlement authority shall also be present.

- c. The Conference: The court will confer with the attorneys and representatives jointly and separately. Each party shall be prepared to negotiate for as long as prospects of settlement are not foreclosed, even if that means continuing past normal court hours. The court may confer with the parties in the presence of their attorneys. If settlement is reached, it will be placed on the record at the conclusion of the conference.

## 23. Trial Preparation:

### A. Pretrial Conference and Local Rule 16 Filings

- (1) General Provisions: The final pretrial conference ("PTC") will be held at 9:00 a.m. on the date specified by the court, unless the court expressly waives the PTC at the scheduling conference. (In the rare case where the court waives the PTC, the parties must follow Local Rule 16-10.) If adjustments in the court's calendar become necessary, the court may re-calendar the PTC instead of the trial date.

The lead trial attorney on behalf of every party must attend both the PTC and all meetings of the parties in preparation for the PTC.

A continuance of the PTC at the parties' request or by stipulation is unlikely. Failure to complete discovery is not a ground for continuance. If a change in the

trial date is necessitated because of the court's calendar or otherwise, modifications of that date will be discussed at the PTC.

At the PTC, the parties should be prepared to discuss means of streamlining the trial, including, but not limited to: bifurcation; presentation of foundational and non-critical testimony and direct testimony by deposition excerpts, narrative summaries and/or stipulations as to the content of testimony; presentation of testimony on direct examination or by declaration subject to cross-examination; and qualification of experts by admitted resumes. The court will also discuss settlement.

(2) Form of Final Pretrial Conference Order ("PTCO"): The proposed PTCO shall be lodged seven calendar days before the PTC. Adherence to this time requirement is necessary for in-chambers preparation of the matter. The form of the proposed PTCO shall comply with Appendix A to the Local Rules and the following:

- i. Place in "all caps" and in "bold" the separately numbered headings for each category in the PTCO (e.g., "1. **THE PARTIES**" or "7. **CLAIMS AND DEFENSES OF THE PARTIES**").
- ii. Include a table of contents at the beginning.
- iii. In specifying the surviving pleadings under section 1, state which claims or counterclaims have been dismissed or abandoned, e.g., "Plaintiff's second cause of action for breach of fiduciary duty has been dismissed." Also, in multiple party cases where not all claims or counterclaims will be prosecuted against all remaining parties on the opposing side, please specify to which party each claim or counterclaim is directed.
- iv. In specifying the parties' claims and defenses under section 7, each party shall closely follow the examples set forth in Appendix A of the Local Rules.
- v. In drafting the PTCO, the court also expects that the parties will attempt to agree on and set forth as many non-contested facts as possible. The court will usually read the uncontested facts to the jury at the start of trial. A

carefully drafted and comprehensively stated stipulation of facts will reduce the length of trial and increase jury understanding of the case.

vi. In drafting the factual issues in dispute for the PTCO, the parties should attempt to state issues in ultimate fact form, not in the form of evidentiary fact issues. The issues of fact should track the elements of a claim or defense on which the jury will be required to make findings.

vii. Issues of law should state legal issues on which the court will be required to rule during the trial, and should not list ultimate fact issues to be submitted to the trier of fact.

(3) Rule 16 Filings; Memoranda; Witness Lists (Including Experts); Exhibit Lists: The parties must comply fully with the requirements of Local Rule 16. They must file carefully prepared Memoranda of Contentions of Fact and Law along with their respective Witness Lists and Exhibit Lists, all in accordance with Local Rules 16-3, 16-4 and 16-5. Failure to include the name of a witness may preclude a party from calling that witness. An expert witness's direct testimony shall consist of a non-exhaustive description of his background and the contents of his Rule 26 report.

**B. Pretrial Documents Must Be Completed and in Compliance with Local Rules:**

These include but are not limited to the following:

(1) Real-Time Reporting Requirement: At the PTC, each party must submit to the court clerk a typed list of proper names, unusual or scientific terms, or any other uncommon words that are likely to be used during the trial.

(2) Witness List:

i. Counsel Shall Submit a Joint Witness List Listing Each Witness. Counsel shall identify witnesses who will actually testify at trial.

ii. Trial Witness Estimate: The witness list and summary must give accurate time estimates for each witness to conduct direct, cross, re-direct and re-cross. Counsel shall include a summary of the testimony of each witness. If more than one witness is offered on the same subject matter, the witness

summary should be sufficiently detailed to allow the court to determine if the testimony is cumulative.

- (3) Joint Exhibit List: All parties shall file a joint list of exhibits concurrently with the Memorandum of Contentions of Fact and Law. The list shall include the information required by Rule 26(a)(3)(C) of the Federal Rules of Civil Procedure. The list shall also include an appropriate identification of each document or exhibit which the party expects to offer for impeachment purposes and those which the party may offer if the need arises. The list shall be substantially in the form indicated by the following example:

Case Title: \_\_\_\_\_ Case No.: \_\_\_\_\_

Exhibit No.	Description	Date Identified	Date Admitted
-------------	-------------	-----------------	---------------

Counsel shall meet and confer and stipulate to authenticity and other foundational objections. Exhibits shall be placed in binders with each exhibit properly marked and tabbed.

- i. Pretrial Exhibit Stipulation: In addition to the Joint Exhibit List, the parties shall prepare a Pretrial Exhibit Stipulation which shall contain each party's numbered list of all trial exhibits, with objections, if any, to each exhibit including the basis of the objection and the offering party's response. All exhibits to which there is no objection shall be deemed admitted. All parties shall stipulate to the authenticity of exhibits whenever possible, and the Pretrial Exhibit Stipulation shall identify any exhibits whose authenticity has not been stipulated to and the specific reasons for the parties' failure to stipulate. The Stipulation shall be substantially in the following form:

*Plaintiff's Exhibits*

Number:      Description:      If Objection, State Grounds:      Response to Objection:

*Defendant's Exhibits*

*Number: Description: If Objection, State Grounds: Response to Objection:*

The Pretrial Exhibit Stipulation shall be filed at the same time counsel lodge the PTCO. Failure to comply with this paragraph shall constitute a waiver of all objections.

(4) Jury Instructions, Verdict Forms and Special Interrogatories: At the PTC, counsel shall submit the text of each Jury Instruction in two sets.

- i. Set one shall be instructions that all parties agree should be submitted to the jury. Set one will include general and substantive instructions, a verdict form and, if necessary, special interrogatories. "Substantive jury instructions" means all instructions relating to the elements of all claims and defenses in the case. The parties should also submit standard and general instructions.
- ii. Set two shall be instructions that are objected to. Proposed Special Verdict Forms are to be included. This second set shall include a joint statement regarding the disputed instructions, verdicts and interrogatories. In the joint statement, the parties shall place the text of the disputed instruction (or verdict or interrogatory) with an identification of the party proposing it and following that text they shall place the opposing party's statement of objections, along with legal authority in support of the objections (not to exceed one page) and proposed alternative language where appropriate. The entirety of the objection shall be typed in capital letters.
- iii. A table of contents shall be included with all jury instructions submitted to the court. The table of contents shall set forth the following:
  - (a) The number of the instruction;
  - (b) A brief title of the instruction;
  - (c) The source of the instruction; and
  - (d) The page number of the instruction.

For example:

Number	Title	Source	Page Number
